SECTION 1: INTRODUCTION

1.0 GENERAL PROVISIONS OF THE CODE

1.01 Establishment. The Code of Ethics (“the Code”) has been established by the National Board of Directors of the American Institute of Architecture Students (AIAS) under the authority of Section 8.21 of the Bylaws.

1.02 Purpose of the Code. The AIAS strives to advance leadership, design, and service among architecture students in order to empower voices, ideas, and actions for the future. Members and Chapters of the AIAS are thus dedicated to upholding the AIAS’s values of impact, community, growth, passion, perspective, and balance. The Code establishes a vision for the AIAS community to aspire towards, while enforcing a standard of conduct amongst the membership.

1.03 Type of Code. The AIAS Code of Ethics is primarily an Aspirational Code with some aspects of an Enforceable Code where appropriate.

1.031 Ethical Standards. The Code introduces a set of aspirational Ethical Standards (“Standards”) by which AIAS Members and Chapters can utilize as a framework for continued success and growth. These Standards highlight strategies for elevating the contributions of the AIAS within both academic institutions and society at large.

1.032 Rules of Conduct. The Code includes a select number of enforceable Rules of Conduct (“Rules”) that shed light on particularly relevant areas wherein AIAS members **must** abide by particular standards to meet the needs and agency of the organization. The process for reporting a violation of these Rules can be found in Section 5 of the Code, and information regarding violation repercussions can be found in Section 6: Appendix.

1.04 Structural Framework. The Code leverages the 6 AIAS Values Statements (seen below) as “categories” for the ethical aspirations of an AIAS Member and/or Chapter. Each Standard has been “tagged” with the Value(s) categories that are associated with that particular aspiration. By embedding the AIAS Values within the Code in this manner, as opposed to sectioning Standards by individual Value, the Code is able to indicate that many Standards align with multiple Value Statements simultaneously. This illustrates the interconnectedness of the AIAS Values in a way that Members and Chapters can learn from and embody in their voices, ideas, and actions.

1.041 Impact. We advocate for and enact positive change.

1.042 Community. We foster an inclusive network of peers that learn from, support, and drive one another.

1.043 Growth. We inspire students to reach their greatest potential through meaningful learning opportunities.

1.044 Passion. We pursue large goals and aspirations through each member’s enthusiasm.

1.045 Perspective. We link the profession’s opportunities to architectural education.

1.046 **Balance.** We promote respectful relationships, an environment of diversity, and a thriving studio culture.

5.02 Initial Ruling. The Chair of the Ethics Committee will review all complaints submitted to ensure that the alleged violation is both (a) a not trivial matter, and (b) if true, would be in violation of section 3.0 of the Code. If the Chair determines that the complaint meets this criteria, they will notify the Complainant and Respondent.

5.12 Submission of materials. The parties must submit the following materials to the Chair prior to the hearing:

1. A list of all witnesses, together with a description of their relevance to the hearing. Any witnesses that are not included in this list will not be allowed to testify at the hearing.
2. A copy of any tangible evidence that will be introduced at the hearing. Exhibits that were previously submitted together with the complaint and response forms should be resubmitted.
3. An estimation of the length of time that will be required to present all testimonies and evidence.
4. In the event that either party wishes to challenge the participation of a Member of the Ethics Committee in the hearing, they must submit a request to the chair together with a description of the grounds for the challenge. Grounds include alleged bias prejudice or conflict of interest. The Chair's ruling on this matter is final.

5.13 Details of the Hearing. The hearing will be closed to all but members of the Ethics Committee, and the parties. The hearing will be presided by the Chair, with minutes recorded by a member of the committee designated by the Chair. All attendees of the hearing shall conduct themselves in a respectful manner. Both parties will have the opportunity to question the testimony of the opposing party.

5.2 VIOLATION DETERMINATION

5.21 Decision of the Committee. After the conclusion of the hearing, the Ethics Committee will have a closed meeting where they will consider the testimony of both parties. If the committee rules in favor of the Respondent, the complaint will be dismissed. If a simple majority of the committee decides that a rule has been violated, then the Respondent will be subject to one of the five tiers of discipline:

5.211 Tier 1 Offense - Admonition.

5.212 Tier 2 Offense - Censure.

5.213 Tier 3 Offense - Suspension of National competition programming and suspension of local programming to be determined in cooperation with the local Chapter.

5.2131. Specificity of Tier 3 Repercussion. If a Member is found to be in violation of a Tier 3 offense, the Ethics Committee will specifically tailor the associated repercussion to the violation and Chapter in question.

5.214 Tier 4 Offense. Suspension of service on the local Executive Board (if applicable) and suspension of National programming/opportunities, including eligibility for service on the National Board of Directors, eligibility for AIAS Honor Awards, and attendance at National AIAS Conferences.

5.215 Tier 5 Offense - Suspension/termination of membership for a period of time.

5.22 Reporting. The Committee shall publish the rulings and advisory opinions of the Chair and Committee periodically and in a timely manner. Names of parties involved and associated Chapters shall be included in the report, unless otherwise determined by the Committee or the Board of Directors.

5.32 Appeal by the Complainant. A Complainant may file a notice of appeal to the Ethics Committee if the complaint is dismissed by the Chair without a hearing. The Complainant must submit a notice of appeal within 15 days of receiving notice of the decision from the Chair. The decision of the Committee will be final.

5.33 Appeal by the Respondent. The Respondent may file a notice of appeal to the Board of Directors if the Committee rules in favor of the Complainant. The Respondent must submit a notice of appeal within 15 days of receiving notice of the decision from the Chair. The decision of the Committee is not final and will not be implemented until the time to file an appeal has passed, or the decision has been upheld by the Board of Directors. The decision of the Board of Directors will be final.
